MVR Services
Definitions

- **MVR** = Motor Vehicle Record (may be called DMV, Abstract, etc.)

- **ENS** – Employer Notification System

- **CMV** – Commercial Motor Vehicle
MVR Acquisition

- For Commercial Vehicle drivers, MVR must be obtained ...
  - Annually

- For Proposed SALTA Driver Management Standard, MVR must be obtained...
  - Annually
Required Employer Notice

- CMV Driver Regulations (Federal):
  - CDL holder to notify employer of suspension/revocation
    - By end of next day
  - CDL holder to notify employer of conviction
    - Within 30 days
Employee Reporting

- Including violations reported prior to conviction and reported within 30 days of conviction, occurs approximately... 60% of the time

- Otherwise, notification occurs at time of annual MVR acquisition
What’s On Your Drivers’ MVRs?

- Do you know – or does Atlas know?

- If only Atlas knows, do you even know if you have honest drivers?

Exposure

- Annual MVR acquisition meets regulatory requirements – no law that says you must do more (except CA)

- Coulda, Woulda Shoulda still exists
  - Could have prevented accident if….
    - Knew license was suspended or disqualified
    - Required remedial action
  
  - “Chose not to monitor because of cost”
Benefits of ENS

- Guarantees notification of events immediately
- Can take away any potential negligence claim
- Will resolve the “I didn’t know it was suspended….” argument

What to Look For In An ENS

- Electronic notification of changes to MVRs
- Ability to electronically update driver roster
- One step — receive complete MVR; not just notice of change in MVR which would require additional request
- Standardized/periodic billing — monthly vs. after each transaction
- Make sure you understand when they will be ‘pulling’ MVR
